Office of Current Production
and Analytic Support

Dear Frank:

Just a note to let you know how much we appreciated the efforts you and your staff made on our behalf in producing the video-cassette of Moscow TV's first reaction to the President's recent U.N. speech. It was a very fine job indeed. It may interest you to know that it was screened to some very senior NSC/White House officers and was very favorably received. Many thanks.

STAT

Sincerely,

[Redacted Signature]

/ Director
